

## Viewing Course Content

- In this tutorial, you will learn how to view Course Content in D2L.
- First, log in to D2L and use the drop down box located at the top of the page on the navigation bar to select your course or if you have selected the course before it will appear under My Courses on your home page.

- On the course navigation menu you will see a link to the content area of the course.
- You may also access the content area using the “Content Browser” widget. Here you may click the drop down menu to go to “Content”, or access needed information below.
- The next page to appear will be Course Overview. Here you are able to view Course Overview, Bookmarks, Upcoming Events, Table of Contents and Modules.

## Viewing Course Content

- Course overview provides general course information.
- Bookmarks allow you save and organize specific information for later use.
- Upcoming Events lets you see what events are open and what events will be open in the future.
- Table of Contents provides you with a list of the course content that is currently available to you.
- Modules let you view course materials and information that your professor has posted.
