Viewing Student Progress

- In this tutorial you will learn how to view all of your User’s progress.

- There are two separate ways to view the progress of students:
  - Using the Edit Course link, located in the upper right.
  - Using the Classlist.

- Let’s begin by selecting Edit Course and then View User Progress.

- On the Class Progress page you will see all of your current students.

- Select a student of your choice.

- The User’s Progress Summary will now display. Below this summary you will see:
  - Grades Received
    - Objectives, which include those that are in progress, that have been passed, or that have been failed.
    - Content: which displays the amount of visits to the course, the time spent, amount of topics visited, and total topics visited.
    - Discussions: displays the discussions that have been read, authored, replied, and total messages posted.
Viewing Student Progress

- Dropbox: displays submissions, late submissions, and the submissions awaiting a grade. It also displays Graded submissions and Submitted Files.
- Quizzes: displays quizzes completed, attempts awaiting a grade, graded attempts, and ungraded attempts.
- Checklists: shows the percentage of checklists completed, the items completed, the items in progress, and the number of checklists completed.
- Surveys: show the percentage of surveys completed, along with the number of surveys completed.
- Login History: displays the number of times the user has logged in, the date they last accessed the course, and the date they last accessed the system.

- The reports on the left hand side of the screen, display the same information displayed in the summary, just in an individual fashion.

- To view user progress using the Classlist, select Classlist located in the dropdown list of Resources.
Viewing Student Progress

- Once inside the Classlist, select the dropdown list next to the user of your choice
- Then click View Progress
- This will again bring you to the Progress Summary Page
